Password Confirmation:

Register

Footer

This is the Signup screen of the system. This is where a User can create a new account so that they can access the full system. Validation is performed on all of the fields to ensure that the data entered by the User into the text boxes are valid. If the data entered doesn't meet the requirements then the User will be presented with an error message stating this and the record will not be created.

Holiday Requests Index

Edit Holiday Request

Delete this Request

Back

Footer

This is the Show Selected Holiday page. When the user clicks either their username or the username of a different staff member they will automatically be taken to this page and the details of that holiday request will be displayed. If the user clicks their own holiday request, they will be able to Edit or Delete the request. However, if they click on a different users holiday request, they will only be able to view it.

Edit Holiday
